Journal of Electronic Imaging (JEI)

2014 Library/Institution Subscription Information and Rates

Published by: Society for Imaging Science and Technology (IS&T) and SPIE

Editor: Guarav Sharma, University of Rochester
Managing Editor: Karolyn Labes, SPIE

Subscription Info: Visit http://spie.org/jnlsub for the Subscription Order Form and the current Online Subscriber Agreement. Place orders for JEI with SPIE.

Manuscript Submission: Karolyn Labes, Managing Editor
SPIE
1000 20th Street
Bellingham, WA 98225
360/676-3290; 360/647-1445 fax
journals@spie.org; www.spie.org

2014:
Volume No. 23
Issues per year: 6
Months of Publication: Feb/April/June/Aug/Oct/Dec
Frequency: bi-monthly
ISSN: 1017-9909

Journal articles are published online, “e-first,” as they are approved for publication. Each journal issue becomes a dynamic publication with new articles added regularly until the issue closes and the next issue is open for new papers. JEI is printed the month following the completion of the online issue.

2014 Library and Institution Rates (in US Dollars, advance payment required)

* Requires signed subscriber agreement
** Requires single order and setup as a single corporate account.

Notes: Subscriptions cover January - December for the online journal and the four issues of volume 23 for the print journal. Printed on acid-free paper. Advertising accepted. Subscription rates and terms for individuals who are not members of either IS&T or SPIE are the same as those for institutions. JEI will be covered by CLOCKSS as well as Portico in 2014.

Description: The Journal of Electronic Imaging publishes papers in all technology areas that make up the field of electronic imaging and are normally considered in the design, engineering, and applications of an electronic imaging system. The following research areas, as they apply directly to electronic imaging or focus on applied electronic imaging technology, are covered: image acquisition, image data storage, image data communication, display of image data, hard copy output, image visualization, image processing, and electronic imaging applications. This journal is peer-reviewed.

Intended Readership: Professional scientists, engineers, technicians, technical managers, and others working in imaging research and development or product management.
