Because of the breadth of the Electronic Imaging Symposium—from imaging materials and devices to algorithms and analytics to visualization and human cognition—it can be difficult to meet other female colleagues working in this diverse, male-dominated field. Tuesday's breakfast is designed to help women who will be at EI connect with other women in the field. The program includes small group discussions where we can share stories and make connections.

**To register, fill out the form below and return to IS&T:** registration@imaging.org; +1 703 642 9094 fax. Your registration will be confirmed. *This event is registered on a first-come, first-served basis. Space is limited to 40.*
