

Short Courses: 11-14 January 2022

Symposium: 17-26 January 2022

Online Conference Portal and Recordings available until 15 May 2022

Exhibit hall is open from when the conference portal opens (early January) through 15 May 2022

SPONSOR and/or EXHIBITOR CONTRACT

Sponsored by the Society for Imaging Science and Technology (IS&T)

Short Course Program: 11-14 January 2022

Live Online Symposium: 17-26 January 2022

IS&T has designed the Symposium schedule to provide speakers and attendees with the opportunity to participate live from a number of time zones, as well as still attend to other professional or personal responsibilities. Social events, including the poster session and exhibits will take place in Gather.town.

The exhibit package includes:

- Logo on the front page of the Symposium portal (where attendees access classes and technical sessions) that takes attendee to your e-booth page in which you may place collateral materials (FAQ sheets, links, etc.).
- An e-booth within Gather.town, where you may meet attendees and post a video or 1-page flyer promoting your products/services. Gather.town allows attendees to see and talk with each other, similar to Zoom, but in smaller groups and organically. All social events and the poster session will take place in the EI Gather.town.
- Acknowledgment via rotating slides shown during the plenary session.
- Logo on Symposium website with link back to URL of your choice.
- The ability to connect directly with attendees and share information confidentially (GDPR compliant).
- The ability to schedule and link to live demonstrations or discussions within the Symposium online program. For example, you may schedule 1-2 technology-focused talks/demonstrations (15-30 minutes) during the course of the Symposium where attendees can learn about your company's knowledge. This becomes an extension of the Symposium's technical program. We have found that live presentations held before, between, or after the technical program work best; we suggest avoiding break times.
