Name an image category in the paper-vehicle printing industry.	How many color plates do you use in your judgment of good color?	What is the most common color used in the paper-vehicle printing industry?	How many multipass plates are used in paper-vehicle printing?	Name a parameter in resolution testing.
What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?
What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?
What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?
Name one of the parameters that affect the quality of judgment response to color.	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?	What is the color temperature of a fluorescent light source?

3. VISIT THE POSTERS AND BE SURE TO CHECK THE BULLETIN BOARDS BESIDE EACH BOOTH FOR BINGO ANSWERS

Name an image category in the image retrieval primary network.	How many visual cortexes do humans possess? (What is the judgment of you?)	How many visual cortexes do humans possess? (What is the judgment of you?)	How many multiplexing bands are used in images to be processed by a [Foveation-based] system?	Name a parameter in feature space that indicates similarity between two signals.
What is the color temperature of a [Sunlight] of [Brightness] A.	What is the color temperature of a [Sunlight] of [Brightness] A?	What is the color temperature of a [Sunlight] of [Brightness] A?	What is the set of parameters describing the joint distribution of signals called?	Who submitted the [JEL] at [Conference] in [Location] and [Year]?
What is the color temperature of the stimulus that results in the [Color] of the [Stimulus]?	What is the color temperature of the stimulus that results in the [Color] of the [Stimulus]?	What is the color temperature of the stimulus that results in the [Color] of the [Stimulus]?	What is the set of parameters describing the joint distribution of signals called?	If the [Color] of the [Stimulus] is [Color], what is the [Color] of the [Stimulus]?
What is the color temperature of the stimulus that results in the [Color] of the [Stimulus]?	What is the color temperature of the stimulus that results in the [Color] of the [Stimulus]?	What is the color temperature of the stimulus that results in the [Color] of the [Stimulus]?	What is the color temperature of the stimulus that results in the [Color] of the [Stimulus]?	How many bands are used in the [Foveation-based] system?
Name one of the parameters that affect the quality of pigment reproduction.	What is the color temperature of the stimulus that results in the [Color] of the [Stimulus]?	Who submitted the [JEL] at [Conference] in [Location] and [Year]?	What are different types of [Foveation-based] systems?	From category A, what is the [Color] of the [Stimulus]?
